This is a weekend for many ladies, who are often primary care-takers, to get away. That being said, we would appreciate all participants to be mindful of their physical needs, if you need extra assistance getting around, or you have health needs, please make sure to arrange ahead of time someone to help you get through the weekend. Transportation to and from Twinlow Camp is not arranged by Twinlow. At Twinlow we always strive to be accessible to all ability levels, however, accessibility is not always guaranteed in the non-summer months, and handicap lodging is limited.
